

AYALA

HANDCRAFTED
BESPOKE FURNITURE

The story of our family bussinness begins more than 20 years ago in Piaseczno near Warsaw, Poland. This is where we brought modern machinery to support the manual work of our excellent professionals, who care about your new furniture as much as you do.

Today AYALA is a dynamic company, bringing together people who are passionate, energetic, creative and open to new challengess.

AYALA

THE BEST WAY TO PREDICT THE FUTURE IS TO CREATE IT.

It all started from this and not the Chaos. In the beginning, there were some really specific questions: How to create perfect hairdressing salon's furniture? How to make our Customers and their Customers satisfied?

Searching for an answer we came to ingenious in its simplicity idea - each customer requires an individual approach. We also discovered that we share a common characteristic - a passion for creation.

We are experts at creating quality, bespoke, salon furniture and we believe that you are also an expert on what you require for your salon to be truly unique. So go ahead and Create it!

WHAT WE DO

We see great value in individuality. We know how important it is to you to have this sense of freedom and independence that drive your vision. We believe, that each piece of furniture that you design with our help, tells a different story. It's as if you are the narrator and we make sure that the story is authentic.

30

We have created for you, a set of 30 different collections, varying in styles, to help you visualize the potential and multitude of opportunities that we can pursue.

1353 ∞

Exactly as many versions of one model of styling chair you can create using the potential of our materials. But it doesn't end here. If one adds to this decorated trim, you would have to multiply that number yet by 2. Yes, this is the moment when you can give rein to your imagination.

Unlimited possibilities of realizing your own visions and pursuing ideas. Imagine your dream backwash, its shape, color and feel. Share your idea with us so we can together, create something truly unique.
